

Currently in my 3rd year of PhD, I study plant community and soil ecology. I am mostly interested in how environmental gradients - either natural or anthropogenic - shape plant community structure. I am also interested in the relationships between society and the environment, such as the social consequences of environmental degradation or the interactions between humans and plants (ethnobotany).

Research

PhD at the Institute for Ecology and Environmental Sciences	Ongoing
<i>Sorbonne University, Institute of Research for Development, Paris, France. Supervision: C. Valentin</i>	
Research internship	2016
<i>"Impact of land use changes on plant-soil interactions in Northern Thailand"</i>	
A 6-months internship including 6 weeks of fieldwork in Thailand. Biophys Team, Institute of Research for Development, Bondy, France. Supervision: H. Robain	
Ethnobotany MSc thesis - Ethnobotany Price of Kent University	2015
<i>"Changes in medicinal plants uses among North African migrant women in Paris"</i>	
Personal research project realised over 6 months from observation in the "La Goutte d'Or" neighbourhood in Paris and immigrant women in Paris and Grenoble, France.	
Research internship	2014
<i>"Variations of surface leaf area along environmental gradients"</i>	
A 5-months internship including 7 weeks of fieldwork in Brazil. Ecosystems Lab, Environmental Change Institute, Oxford, United Kingdom. Supervision: Prof Y. Malhi, L.P. Bentley	

Education

Master EBE (Ecology, Biodiversity, Evolution), year 2, Major in conservation	2015-2016
<i>University Pierre and Marie Curie - École Normale Supérieure</i>	
	<i>"With distinction"</i>
Master's degree in Ethnobotany	2014-2015
<i>University of Kent, Canterbury, Royaume-Uni</i>	
	<i>"With distinction"</i>
Master EBE, year 1	2013-2014
<i>École Normale Supérieure de Paris</i>	
Training in Ethnopharmacology	Sept. 2013
<i>French society of Ethnopharmacology</i>	
Bachelors' degree in Biology	2012-2013
<i>École Normale Supérieure de Paris</i>	
	<i>"With honours"</i>

Involvement in education and teaching

<i>As part of the PhD.....</i>	
Teaching Assistant in Ecology and Statistics	2016-...
<i>University Pierre and Marie Curie (64h/year, mostly for undergrads, some classes for MSc students)</i>	
Trainings in image analysis and statistics with R	Nov 2016, Mar. 2018
<i>2-days trainings for Thai Land Development Department colleagues, Thailand.</i>	
<i>Volunteering.....</i>	
Scoutmaster with the Scouts et Guides de France	2015-...
<i>Youth work qualification (2012)</i>	
As the camp headmaster, I took care of team management and training as well as the organisation of activities.	
"French as a Foreign Language"	2015-2016
<i>Foyer Pinel, La Plaine-Saint-Denis</i>	
6 months of weekly classes with 10 to 20 adult migrant persons.
